## ABOUT ME:

I am a Business Development student, who is passionate about contributing to society and caring for the environment. I have work experience in different branches focused on service, humane treatment, and project management.

I consider myself a proactive, effective, tolerant, prudent, responsible, empathetic person who likes to grow, therefore, I am in the best disposition to learn new things and undertake new challenges.

## PERSONAL EXPERIENCE

### VOLUNTEER IN CRECE JOVEN

Association created to support low-income communities with advice, training, courses, etc. I contributed a year of service teaching a Self Defense course to children, with the intention of reducing bullying and strengthening self-esteem from an early age.

### VOLUNTEER IN PREMIO OXXO

Program created to promote the values of ecology in high school youth. Here I volunteered in nursing homes, foster homes as well as participated in garbage collection and recycling. I organized events such as seminars where we hosted more than 200 young people from the State of Chihuahua to discuss about the environment and associations that work to improve it. Additionally, I am an intellectual contributor to the creation of a book about the trajectory of this civil association.
